

Friday 7th February 2025

38 Quality Dohne Rams

Pre-sale inspections from 10.00am

Sale commencing at 1.00pm

“Woodlands” 86 Woodlands Rd, Armidale

Justin Tombs 0421 337 602

**ARMITAGE & BUCKLEY
ARMIDALE'S
AUCTIONEERS**

Luke - 0459 044 447

Tom - 0429 525 797

Office - 02 6772 1255; Email - admin@armitagebuckley.com.au

11 Marsh St Armidale NSW 2350

Bill – 0484 888 884

Scott – 0417 888 889

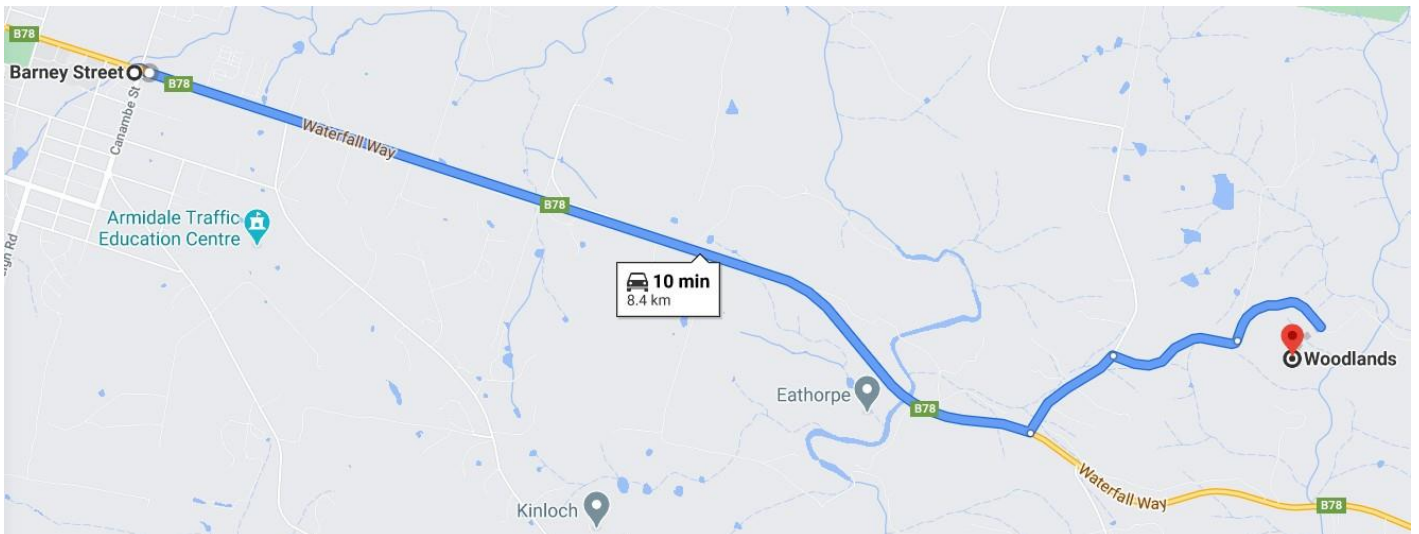

Office - 02 6888 8889; Email - office@trangielivestock.com.au

10 Dandaloo Street Trangie 2823

Directions:

From the Roundabout near Bunnings

- Head East on Waterfall Way for 6.1km
- Turn left onto Middle Farm Rd travel 700m
- Turn right onto Woodlands Rd and follow the flags

Harewood Dohne Stud was established in 2004 with the purchase of pregnant recipient ewes from Amuri Creek Dohne Stud in Western Australia, this was followed by another group in 2005. Over the following years ET and AI programs were done to grow our numbers and introduce genetics, using sires from Amuri Creek (WA), Far Valley (WA), Chirninimup (WA), Babirra (SA), & Roseville Park (NSW).

In 2012 we purchased 200 stud ewe lambs from the Uardry dispersal and a half share in a young sire UD110353 with Chirninimup. A sire that has had a very positive influence on a number of studs around Australia.

In 2017 we purchased a Chirninimup ram TR158420, a ram with good growth, fleece weight, and sound structure. Later that year we purchased an Uloloo ram ULO16014 privately viewing him on display at the Australian Sheep and Wool Show in Bendigo. A ram with great shape, carcass qualities, and exceptional structure.

At the Hamilton Run dispersal in 2018, we purchased 29 2017 drop ewes.

2022 saw us introduce outside genetics through an AI program using Glen Holme 206139 and Macquarie 202864 as well as our own sires HW193630 and HW204040.

In 2023, we followed up with an additional AI programme using outside sires, Far Valley 183021 and Macquarie 202864 as well as our own sires HW193630, HW214420 and HW214558. We aim for highly fertile, structurally sound, soft easy doing sheep, with good constitutions, early growth, while maintaining a high-quality soft handling white wool.

Ever mindful of the rising production costs and need for easy-care sheep any dry ewes or poor doing sheep are culled. As well as measuring individual worm egg counts in all our stud lambs since 2008, we also keep in mind the importance of resilience. Fly strike is something that we don't tolerate at all, we don't jet any of our sheep and if there is an occurrence of a struck sheep they are culled.

This combination providing highly profitable easy-care sheep for our clients, this is being achieved by having balanced low input, high output sheep.

BUYERS REGISTRATION

Would all prospective buyers please register at the agent's desk. Your PIC number will be required.

REBATE

4% rebate will be paid on purchases through outside agents attending the sale.

DELIVERY

If you would like your purchase delivered, please discuss with the selling team.

HEALTH

All rams are accredited Brucellosis free (N04/10) and OJD free.

ANIMAL HUSBANDRY

Harewood rams were shorn on 17th October 2024

All rams on:

18th October 2024 - 6 in 1 Vaccination

6th December 2024 - Startect

6th February 2025 – Zolvix Plus

SEMEN/MARKETING RIGHTS

All rams are sold on the condition that Harewood retains full semen marketing rights unless otherwise stated or an agreed arrangement is in place.

INTRAMUSCULAR FAT (IMF)

Our eye muscle and fat scanner, Tim Lawrence, is experienced in scoring for intramuscular fat. Tim scored all rams from 0-5... seven being the highest marbling. By all reports the consumers prefer a scoring of 3-4 for meat eating quality. It is early days yet but have continued to include the score in this year's catalogue.

DISCLAIMER: All care is taken by the vendors in collecting the individual animal data presented in this catalogue, including parentage information. Harewood Dohnes accept no responsibility for the accuracy, nor the repeatability of the information supplied in this catalogue.
